HOOLIVOOM SC BAKER,

Ayer's Hair Vigor For restoring Gray Hair to

its natural Vitality and Color. A dressing which is at once agreeable, healthy, and effectual nair. Faded or gray to its original color with the gloss and freshness of youth. Thin hair is thick-

not always, cured its use. Nothing can restore the where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for sefulness by this application. Instead of fouling the hair with a pasty sedi-ment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted

HAIR DRESSING, nothing else can be found so desirable Containing neither oil nor dye, it does not soil white cambrie, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume. Prepared by Dr. J. C. Aver & Co., PRACTICAL AND ANALYTICAL CHEMISTS

LOWELL, MASS. PRICE \$1.00.

action or minove the obstruction which cause it.

For Expressively (to Biarchess, but one mild
dose is gellerally reported:

For Ethermatism, Gout, Gravel, Pulmitation of the Heart, Pain in the Side,
Bask and Zeems, they should be continuously
laken, as required, to change the discased action of
the system. With such clunge those complaints
discovered.

disappear.

For Bropsy and Bropsical Swellings that should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression a large dose should be taken as it produces the desired effect by oyupathy.

As a Disness Fill, take one or two Fills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and howels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement-exists.

One who feels tolerably well, often fluct that a dose of these Fills makes him feel decidedly better from their eleanating and renovating effect on the digestive apparatus.

ONE DAY.

Such love as ours could but be true-

How well that day do I remember,

And vows and promises we made.

As much in love, as now, with me!

Love me, e'en now, as I love you!" And then—lest you had spoke amiss-

Stopped all reply with hurrying kiss,

But then-my love for you is such,

I scarce can hope your's is as much."

On that bright day in fair September:

And you were glad to dry the tears,

That swept away your loving fears.

"Ol love," I said, "bow glad I'd be

To die, and prove my love for thee,

Your lips, caressing mine so nigh, Begged me to live for you—not die."

Ah, well! how clearly I remember

That bright; fair day, in that Septer

How sail, and strange, and bitter too,

For brittle vows we made that day,

And lived to find our idols clay.

Yot still, I cannot help remember

Loss than New York Prices!

By now looking up your Poterroan's Negatines.

By now looking up your Poterroan's Negatines.

Georg's Lady's Book, Laties' Repositories, Young Secretary Boutwell on the question about the Union Pacific railroad, says he bus carefully considered the law and is of opinion that the line begins as the railroad company have contended at the one hundredth meridian. The line from Omnia to that point that the line begins as the railroad company have contended at the one hundredth meridian. The line from Omnia to that point that the line begins as the railroad company have contended at the one hundredth meridian. The line from Omnia to that point the branches. The line from Omnia to that point the branches are to fill the place next day, and a hard place he found it for a while. The gardener scorned him; the housemaid was, or pretended to be, afraid of him; and the very dog barked at him with that ferocious bark that the line from Omnia to that point the branches. The line from Omnia to that point the branches are to fill the place next day, and a hard place he found it for her husband's study with a light step, it had a twenty dollar bill in it. My the use of a power fully considered the law and is of opinion that the line begins as the railroad company the minutest arter all ramifications; the body is thus the neck, and by the use of a power the old bridge a fortnight ago.

What do you suppose Mr. Hough the full day, and a hard place he found it for a while. The gardener scorned him; the housemand was, or pretended to be, afraid of him; the housemand was, or pretended to be, afraid of him; the housemand was, or pretended to be, afraid of him; the housemand was, or pretended to be, afraid of him; the housemand was, or pretended to be, afraid of him; the housemand was, or pretended to be, afraid of him; the neck, and by the use of a log of the full day, and a hard place he fo which I intended for a certain purpose, I had put into the case to avoid any troublesome search for it. I fancied was first introduced. It also saids the and I must have overlooked the crack and I must have overlooked the crack

loons of her dress, so carefully festooned by Betsey's Hand, and Conight in a bench, and one of them had become unastened. The folds of the garnet popin fell to the floor, and from his mirror and gleaming, the pearl portmonnais in which old Hough's densition had been sushrined. It had dropped into the festoons in stead of the pocket, and had been there

all the while. It was a little country place, and every one in the room knew the parties concerned, and listened to the words which fell from Mrs. Harrow's lips as she made a statement of the facts. And sure of that, I must have dropped it in the clargyman condessended to follow And she flew out of the room and shout as has never been before heard in

(From the Alliance Monitor.) eating to many of your renders. A person outside the Medical profession, and not acquainted with the manner in which this department is conducted, would find it an interesting subject for consideration, or at least for descript But again, to a certain class, it would almost seem wicked to even think of such a subject; as was the case in ancient times; or if thought upon at all, was at least never allowed an expression; this subject, was met with a severe pen to become proficient in the science. is necessary to offer to the medical studeat, such a place for instruction in the knowledge of this is not only beneficial to the physician, but may be to the people, by whom it should not be alto gether ignored, for they too, should have at least some idea what constier times no such privilege was granted
